

## Where you can find us.

The Neerim District Health Service has provided quality Health Care Services to surrounding communities since 1914 and today operates a small Private Community Health Service in Neerim South

As well as our own practitioners, individual services are provided by visiting Surgeons, Medical Specialists, Physiotherapists and other Allied Health services.

The Health Service has close links with other Healthcare Providers to facilitate the best delivery of holistic care.

We offer a Restorative Care Service for Clients recovery as part of our Medical Services.

Our Staff are committed to providing quality patient care in a comfortable and safe environment

- NDHS is accredited by the Australian Council on Health Care Standards (ACHS) in EQualNational
- We are a preferred provider of Health Services to Veterans' and their dependants under a tier one agreement with the Department of Veterans' Affairs
- We have agreements in place with private Health Insurance funds.
- We have restful single room accommodation with ensuite facilities.
